

We know first-hand just how difficult it can be if you have a child who is struggling in school, is lacking in confidence or struggles with social interaction.

It is for this reason that our program is geared to helping your child move from that place of struggle.

**However, it needs us to:**

- work together, to invest in time and effort
- commit to partnering in your child's skill and learning development

Therefore, if as a parent/guardian you are able to identify with and 'sign-up' to the commitment statement below.

**I promise that I will support and encourage my son/daughter ensuring that no matter what he/she commits to and complies with the prescribed program.**

**We will:**

- Deliver to your child a personalized program of daily exercises designed to help him/her achieve the best possible results based on their initial cognitive assessment
- Provide your child with monthly insight assessments and detailed reports advising of progress and areas to work on.
- Support his/her development and your understanding of skill development issues through access to weekly educational videos.
- Assign a personal coach who will through regular coaching sessions work alongside you to interpret the assessment results, offer motivational hints and tips and agree with you actions that will help you support your child in their continued progress and engagement with the program.
- Send you an invite to join our closed Facebook group where you will 'meet and engage' with other parents who through the sharing of knowledge, information and program experiences .
- Provide invaluable peer support.
- Deliver in-App motivational messaging to boost your child's program compliance.
